Association

HAPPY NEW YEAR!

As is tradition every year, it is my honor to close the year by extending my congratulations and warmest wishes to all our members on the arrival of a new one.

For me, as Chairman of IPCSA, it continues to be both a privilege and a great responsibility to represent this Association and to preserve the legacy built by my predecessors.

IPCSA's mission is to represent PCS and Single Window operators worldwide and to serve as a source of knowledge and inspiration for our community. Each year, we feel fortunate to welcome new members, and at the same time, we remain fully committed to continuing to deliver value to all of you.

The challenges we face year after year are becoming increasingly complex and diverse, making the need to remain united and well coordinated more important than ever. Over the years, we have joined our voices to defend our role and to share our expertise in the development of global logistics. That need is still very much present today.

While it is difficult to predict what the future will bring, one thing is certain: that future will be stronger and better if we continue to move forward together.

I would like to close by wishing you all a very Happy New Year, filled with health, happiness, love, and prosperity.

*Warm regards,
Javier Gallardo
IPCSA Chairman*
